

MAP to MOTION Governance Committee - Expression of Interest

The Alberta Bone and Joint Health Institute (ABJHI) is a not-for-profit, independent institution that is leading bone and joint health knowledge and research in Alberta. ABJHI is currently recruiting for interested parties to join its MAP to MOTION Governance Committee. There are currently opportunities for two (2) or more additional members to join the existing committee of ten (10) members.

[MAP to MOTION](#) is a bone and joint information hub that will help Albertans navigate the treatment of their bone and joint health conditions. The first of its kind in the world, MAP to MOTION will link information from all bone and joint services. MAP to MOTION is fixing a data gap to remove obstacles to research and innovation.

The MAP to MOTION Governance Committee oversees the functioning and progress of the registry.

Opportunity Available

	Responsibilities	Requirements	Remuneration and Reimbursement
Governance Committee	<p>The Governance Committee will oversee the Registry processes and operations, The responsibilities associated with this mandate include:</p> <ul style="list-style-type: none"> • Report annually to the ABJHI Board on the performance of the Registry with emphasis on where and how it is generating value • Develop and implement policies for operation of the Registry • Provide financial oversight of Registry • Ensure the information collected by the Registry is appropriate for continuously improving clinical standards and patient outcomes • Provide oversight of other Registry committees and groups • Establish ad-hoc committees as needed • Champion the registry with other stakeholders • Participate in Governance Committee meetings • Guide module prioritization 	<p>Representatives will ideally include at least two patients and representatives from the following groups/disciplines:</p> <ul style="list-style-type: none"> • Bone and Joint Health Strategic Clinical Network, • a biostatistician or epidemiologist, • clinicians treating bone and joint conditions, • an active bone and joint health researcher. <p>Membership terms are available for 1 or 2-year terms at the discretion of the member.</p> <p>The committee plans to meet 4 times per calendar year.
